FIVE REASONS WHY YOU NEED TO ATTEND THE JANUARY MEETING!!

And the Number 1 reason...

1. You love your Porsche and want to learn more about American Dry Stripping's unique restoration process!

American Dry Stripping (www.amerstrip.com) employs a patented stripping process that utilizes a very uniform, mined mineral media allowing far lower air pressure than normal. It virtually eliminates heat build-up, warping, pitting, and distortion of delicate vintage automobile panel work. Join us for an opportunity to learn more about this unique process. It will make you a more educated consumer for your next major Porsche restoration project.

To insure proper seating and food, please RSVP with the number of people attending in your party by January 15th to: cvrprogramvp@cvrpca.org.
