Cover Story

Jean-Francoise Bulycz captured this photo at the Porsche Museum in Zuffenhausen.

“A lovely September day in Zuffenhausen that started with a factory tour (my 6th or 7th, I’ve lost track). I always marvel at the precision of the assembly line, of course, but I am also amazed at the Porsche apprenticeship program — master mechanics shadowed by their young apprentices who will carry on the meticulous Porsche engineering tradition! Then a visit to the Museum with its breathtaking architecture and fabulous display of street and racing Porsches. But the highlight of my day, lunch with Sandra Mayr who graciously arranged my visits. After saying goodbye to Zuffenhausen, back to Paris for the Auto Show.”

THE SHORE LINE

Gary Hansen, CVR President

No matter which groundhog you aligned with back in February, spring **will** officially begin this month and the snowstorms **will** end. In anticipation of warm and sunny days, CVR Activity Chairs have pulled together an exciting calendar of events for 2014 — which just happens to be CVR's 55th Anniversary. While we won't be celebrating on quite the grand scale as our golden anniversary, we do have some ideas in the works to mark this milestone.

Many of the upcoming activities are already highlighted in this issue of *Challenge*. As a general rule of thumb, the exemplary monthly publication you are now reading is not only an excellent way to see what's planned in the coming weeks and months, but the only place to see photos and read all about the events that have recently happened. Our website is the best source for up-to-the-minute information, and is always worth checking for changes to a scheduled event or an added activity that didn't make the publication deadline for *Challenge*. And to really stay connected, I encourage members to enroll in our email communications system by clicking the "Sign up for email blasts" button on our website. By doing so, you will receive periodic announcements and invitations about upcoming events.

Monthly Meetings are always an informative and enjoyable way to stay connected with the Club, and often learn about new products and places. At the Monthly Meetings,

Activity Chairs provide updates, and members have the opportunity to speak directly with the Activity Chairs and Club officers.

CVR is one of the largest and most active PCA Regions in the country because of the involvement of our

members. New members or members looking to become more active in specific areas are encouraged to attend the April "Sampler" where we explain all those things we write about in *Challenge*, such as Drivers' Ed, Concours, Coffee Runs, the Club Race, and Rally.

So don't just wait for spring — spring into action now. Attend the March Monthly Meeting at Automobile Associates. Volunteer to work at the Club Race. Sign up for the Spring Tour. These are a few things you can do right now — even if it is still cold or snowy. Darn groundhog!

Let's get ready for another exciting year with good friends and great cars. Think spring. ☺

SAVE THE DATE!

SPRING TOUR 2014

Join us on the weekend of May 2-4, 2014 for the CVR Spring Tour headquartered at the Turning Stone Resort and Casino in New York's beautiful Finger Lakes area.

The Turning Stone Resort is a premier four-season, destination resort in Upstate New York, near beautiful Oneida Lake.

The resort offers world-class gaming, golf, entertainment, accommodations and spa facilities, and has earned AAA Four Diamond ratings for The Lodge, The Tower Hotel, and Wildflowers restaurant.

BETWEEN THE LINES

Shelley Krohnengold, Challenge Editor

DAS MURMELTIER HAT GESPROCHEN!*

Allright, I have learned my lesson, never, ever, let the groundhog drive the Porsche. I know, he's brimming with newfound confidence thanks to his accurate prediction of six more weeks of winter, but trust me, that does **not** qualify him to get behind the wheel, well, unless of course he's had the requisite minimum experience of five days in White.

But, I digress... fortunately, by the time you are reading this, spring **really** will be right around the corner, so please check out all of the great events that our Activity Chairs have planned for you.

And... don't forget to always check the CVR website for the most current updated information.

How to Use Freedom Waterless Car Wash

1. Spray the product onto a clean folded microfiber towel and...Spray on onto the surface you are going to be cleaning. Hold the bottle 10-15 inches away from the non-porous surface and spray in a sweeping motion, for best results. Only spray on the large, flat areas. Do not spray into cracks, seams or other hard to reach areas.
2. Gently rub Freedom Waterless Car Wash onto the surface with that first towel. You want to always use the “wet on wet” method. Wet towel with a wet surface. This way there is nothing dry touching anything else dry.
3. After initially spraying on and gently rubbing in Freedom Waterless Car Wash, you will see a light haze appear. Quickly, before it dries, switch to a another clean micro-fiber towel and buff off the haze into a brilliant shine. That's it. It is really that easy. Dave Vaccaro, VP Driver's Education

The 2014 DE season is almost upon us and we have a full and fun year planned. It has been quite some time since CVR, or for that matter any club, has had an opportunity to drive at a totally new road course track, but with the new Thompson Motor Speedway track opening in June, the wish is almost a reality and CVR has five days scheduled there in 2014.

In mid-January, I met up with Bob Napoletano, CVR's DE Co-track Chair, at the new Thompson Speedway Motorsports Park (TSMP) road course, to check it out. Spencer, our Chief Instructor, was supposed to come up as well, but he caught a bug and I didn't want to catch whatever he had so instead, I convinced Susan, our DE Registrar, to come with me.

The three of us met with Josh, Thompson's new general manager, and

he gave us a tour of the new facility. While we were there, we saw the track and structures in the process of being

amenities, from the clubhouse lounge restaurant, a snack bar, an ice cream stand, space for classroom sessions, men's and women's bathrooms and a planned pro shop, stocked with track items and car supplies. The Control Tower is already complete, with a broad sight range for all of our volunteers up in Control.

While the track was not 100% complete (they were getting ready to set the bridge that goes over the track and then finish the paving), we got a good idea of how the track will flow. Cars will enter the track just before Turn 1, which is a right hander that starts off like LRP's Big Bend, but is more like a horseshoe shape as you get into the turn. The exit of the turn leads to a short chute and that leads to a left hander. At this point in the track, there are 2 configurations and depending on which one is used, the track will be 1.5 or 1.7

miles. Going into the right hand sweeper and then left under the bridge puts the cars onto the NASCAR oval (we will use three quarters of the oval). The exit off of the oval is a left hander to a short straight which sets up for a soft right onto another short straight that leads into another right hander. Finally, the front straight which is almost half a mile in length.

Thompson management seems to have put a lot of thought into the layout of the rebirth of their old road course. Their success will be tested soon, with their grand re-opening only months away.

At this time, CVR will be the first car club to rent the facility for a DE event. Opening day will be a one day event on Thursday, June 12th, for instructors and advanced drivers. We have planned it this way in order to get our instructors up-to-speed on the track

For the TSMP events, there are hotels approx. 20 minutes northwest in Southbridge and 20 minutes north, up Route 395 in Auburn. As we get closer to the event we will hopefully have more specifics on hotels and restaurants. For all of you drivers who live in the northeastern part of CT, you are lucky and will be able to sleep in your own bed, at home.

It will be neat to look back and say “Hey, I drove that track when it first opened.” Please don’t hold me to the description of the track layout because we only drove around the track once. It took us just a little over 2 hours to get to the track from Fairfield County (on a weekday, without towing a trailer). We spent about an hour and a half asking questions and checking everything out, including driving the course in Bob’s truck. Then, we took a different route home to see which way would be quicker and which would be better

when towing – both seemed to take about the same amount of time. It was a lot of new information to take in so I am sure that I’ve left out something regarding the new TMSP facility. By the end of our five DE days there, we’ll all be pros, familiar with the track and nearby stores, hotels and restaurants, just like we are with LRP and WGI.

I look forward to seeing many old and new faces at this year’s CVR DE days. Your attendance and support for our club enables us to bring you all of the DE events we have planned for this year.

If you haven’t convinced yourself to try DE, come to one of our events just to watch. Guests and visitors are always welcome – all that you need to do is sign the waiver.

DE is all about safety and fun. See you at the track. 🍪

RALLY

Lon Hultgren, Rally Chair

RALLY — IT'S NOT JUST THE CARS, IT'S THE INSTRUCTIONS!

We are assembling a fabulous rally team to put on the first CVR rally of 2014, which we now know will be June 8th which is the Sunday before Father's Day. Since the 2014 concours has been moved to July, you won't have to be shining up your car on the weekend before Father's Day, so pencil in "Spring Rally" on your calendar for June 8th.

While we haven't picked the rally's starting and finishing places at press time, the rally itself will be a loop around Newtown through many of the Towns that surround Newtown (Southbury, Roxbury, Bridgewater, Brookfield, Bethel, Redding, Easton,

Monroe and Oxford) while not actually entering Newtown itself — I thought we might give the Town a break given what it has been through in the last year.

As mentioned in the last couple of *Challenges*, this rally will be a Poker Run wherein you draw a card from a deck of playing cards at each checkpoint, log the cards on your scoresheet and compete at the finish for the best five card poker hand. The best hand wins the poker run part of the rally. To make sure the poker run doesn't get everybody lost, we plan to both give regular (left/right/straight) directions AND give each team GPSable street addresses for all of the checkpoints. So if you want to ignore the directions and just drive from checkpoint to checkpoint, you can pop the street addresses into your car or phone's GPS guidance system and just head for the cards.

But since we have about 40 experienced rally teams in the club now, one leg of this four or five leg rally will be gimmicked with rally instructions that will require some interpretation and/or puzzle-solving. This will be entirely optional for those who want to compete for prizes that will be based on the team scores for just this leg. Those of you who ran either of the 2013 rallies should be familiar with what that leg might entail in terms of instructions and finding your way along a "correct" route to the next checkpoint. But this

will be only for that one leg of the rally, so mostly the drive will be stress-free on roads suited for sports cars. I think we can even let solo drivers run this rally as well – provided they have a working GPS so we know they won't be trying to read the instructions and drive at the same time.

As per our previous rallies, the June 8th rally should be a morning affair with the first car starting at 9:00 and everyone finishing by 1:00 PM. I hope to have the starting and finishing locations set by the next *Challenge*... but count on the rally being just east of Danbury and save the date.

As always, anyone who knows of a good starting or finishing venue or is interested in helping to set up the rally, please email Rally@cvrpca.org. See you this spring.

COFFEE RUN

To help you plan your season, the following is our preliminary schedule of Coffee Runs for the 2014.

James Ball, our Coffee Run Activity Chair, has put together a very ambitious plan with five Coffee Runs scheduled for the upcoming season.

Coffee Runs are typically a half day event, either Saturday or Sunday morning, where participants drive on scenic country roads as a group. There is a driver/navigator meeting where detailed directions are provided and any last minute changes are discussed. Runs are held in Connecticut, New York and Massachusetts.

Coffee Runs usually begin with a drivers' briefing at 8:30 am at a designated starting point, generally a facility with access to restrooms... and coffee (of course) and depart for the first leg of the run at 9:00 am. Printed directions are provided at that time.

Please remember to check the Events Calendar on the CVR Website www.cvrpca.org for more information, any schedule changes or updates.

We look forward to seeing you there. For any questions, please contact James Ball at:

SPRING TOUR 2014

Maria & Phil Capella, Tourmeisters

Turning Stone Resort Casino, Oneida, New York, May 2 – 4, 2014

This year's Spring Tour will be based at the Turning Stone Resort Casino (turningstone.com).

Located in the heart of Upstate New York, the Oneida Indian Nation's Turning Stone Resort Casino offers world-class golf, gaming, entertainment, dining, spa and accommodations. Since opening in 1993, Turning Stone has evolved into a destination resort and one of the top five tourist destinations in New York State, hosting more than 4.5 million guests a year. The resort grounds exceed 3,400 acres.

OVERVIEW

For loyal touring participants, you know what to expect in terms of our format, so you can quickly scan this part. The format for the Spring Tour weekend remains the same as in the past. You'll travel to the Turning Stone

Resort Casino on May 2nd (Friday) on your own schedule. Dinner will be on your own Friday evening.

Saturday (May 3rd) is "tour day". Following breakfast Saturday morning, we'll have our orientation meeting with drivers and navigators, after which we'll start the driving part of our tour weekend. Our tour routes will take us on some beautiful country roads in Upstate New York.

Our lunch stop will be at the Colgate Inn (www.colgateinn.com) in Hamilton, New York. Opened in 1925, the Dutch-colonial style Colgate Inn is a focal point of the historic village of Hamilton. The Colgate Inn has been pampering guests for 80 years with its long tradition of small-town hospitality.

COLGATE INN

In March 2004, nearly a half-million dollar renovation was completed to the Parlor and Lobby. This renovation was on the heels of renovations in Fall 2003 to the Tap Room, formerly known as The Payne Street Corner, and the Salmagundi Bar & Restaurant. All these changes have been aimed at the hopes of creating first impressions of Colgate and the inn to reflect the charm and vitality of Hamilton and the warmth of the community.

August 2010 thru July 2011 marked the largest renovation project to date, touching virtually every area of the Inn. The original character has been preserved while creating a new and exciting experience. Dining rooms, Tavern, Patio Dining, meeting rooms, banquet rooms and the kitchen spaces have been expanded and redesigned. Although this project has been a major undertaking, the end result is the creation of a classic New England Inn which concentrates on the guests needs and enjoyment of their experience.

PORSCHE PARADE 2014

Monterey

by **Susan Brown**
Parade Chair

>>> An iconic photo of the wind-whipped Monterey Cypress—one of the most prominent landmarks on the scenic 17-Mile Drive in Monterey, California

June 15-21, 2014 Monterey, California

Monterey is the site of our 59th Porsche Parade, to be held this June 15 through 21, 2014. This is PCA's annual extravaganza of competitive and social events. Only minutes

away from the beautiful Pacific Ocean, we'll be treated to drives on the famous Pacific Coastal Highway, to some of California's legendary vineyards, and through the hills and valleys of northern California. Of course, Parade has a long history of friendly competition and that will continue this year with the always challenging Concours d'Elegance, TSD rally, autocross, and the tech-quiz.

Registration

Registration will open on April 1st (new date!), and there will be a link to register on pca.org and parade2014.pca.org. This Parade will be very popular, but we will accept ALL entries. We can accommodate all entrants

Registration Opens

for each of the banquets and all competitive events, as well as most activities. Tours on some days will sell out, however.

Upon checking out of Parade registration, you will receive an email with the link to our host hotels and discount codes. We have blocked rooms at five area hotels, and we do expect hotel rooms to fill up quickly.

Check In

Parade entrants should check in for Parade on Sunday, June 15th between 9 am and 5 pm. This is the only time when all the event chair-people will be all together in one place to check you in, answer all your questions, and make sure you have the banquet seats you want, pick up your meal tickets and are classified properly for the competitive events you've entered.

That is when you get your Parade goodie-bags and

volunteer t-shirts. Late check-in is available throughout the week, but we recommend getting to Monterey on Sunday.

Banquets

We have five banquets, our Welcome Party on Sunday the 15th, the Concours banquet on Tuesday, TSD banquet on Wednesday, AutoX on Friday, and our Victory banquet on Saturday. You can sign up for all of them, or individually, through registration.

Competitive Events

The Porsche Concours d'Elegance is the showcase of the week's activities and gets started early on Monday, June 16th on the beautiful fairways of the Monterey Hyatt. We have classes for every Porsche

and stage of preparation—from "Full" preparation to "Street" class where only the interior and exterior, including wheels and tires, are judged.

The Mobil TSD Rally on Tuesday June 17th takes us in and around the beautiful vineyards, hills, forests and beaches of the area in a rally that's sure to become the stuff of legend. We'll be offering the TSD Rally School on Monday evening, June 16th.

The Michelin Autocross is on Wednesday and Thursday, June 18th and 19th at nearby Marina airport.

Whether you study-up or just show up, the **Technical/Historical Quiz** on the morning of Friday, June 20th is always a great way to show what you know about our favorite cars... or to face what you don't.

>>> Monterey Harbor

Events and Activities

Parade Kids

The Parade Kids program has become a favorite of our family of enthusiasts, with many of the kids forming enduring friendships and looking forward to Parade each year. The 2014 Parade Kids program will have plenty of fun and adventure, true to the California spirit of fun, adventure, and learning in Monterey.

Hospitality

The Hospitality area is always one of the best places to hang out at Parade, whether you're perusing the various vendors, partaking in the planned Beer or Wine tastings, or just looking to visit with friends before heading out to dinner.

>>> The Bixby Bridge at sunset, one of the most photographed bridges along the Pacific Coast

Gimmick Rally

The Gimmick Rally will be held Thursday, June 19th, and is designed to provide a scenic and entertaining outing for everyone, children included. The route showcases the 17-Mile Drive, the Lone Cypress, Carmel and its famous Mission, historic John Steinbeck sites and much, much more. The choice of this year's gimmick will be unique, and provide both fun and challenge, along with capturing the amazing scenery and character of the Monterey Bay area.

Tours

Throughout the week you will have an opportunity to go on a different driving tour each day. In addition, most driving tours will run more than once during the week in the event you commit to another activity on a particular day. All tours include a variety of points of interest and a destination.

Tech Academy

The fifth annual Parade Tech Academy will be held Friday, June 20th, immediately following the Tech Quiz. Once again, we have an exciting mix of our outstanding PCA Technical Committee and outside speakers. By attending more than one session, you become eligible for "Tech Academy Accreditation" of various levels, depending on the number of sessions you attend:

- 🎓 Five Sessions equals a "Doctorate"
- 🎓 Four Sessions earns a "Masters"

- 🎓 Two Sessions starts you with an "Associate"

Michelin Drive and Compare

Another great event at Parade is the **Michelin Drive & Compare** and this is your chance to take a couple of thrill laps around the course in two identical

Porsches with two different types of tires.

Golf Tournament

Please join us on Wednesday, June 18th for the annual Porsche Parade Golf Tournament. We will be playing at the Pacific Grove Golf Links, on the tip of the scenic Monterey Peninsula, overlooking Point Pinos and the Pacific Ocean, just a short 5 mile drive from the Hyatt.

Parade of Porsches

The final driving event of Porsche Parade will give you an opportunity to Parade your Porsche and take in the spectacular scenery of Monterey and Pebble Beach. You'll take in breathtaking views of the coast and hills surrounding Monterey and provide a great view to the locals of all our beautiful Porsches cruising by.

Art Show

The art-show is one of Parade's "must see" events, providing a great venue for

our talented and creative members to show off their vision, creativity, imagination and skill. This Parade event continues with categories in fiber arts, jewelry, painting, crafts and photography (both amateur and professional divisions). All Parade entrants may participate, including children. We have an expert judging committee as well as our favorite people's choice award. Take some time during the week just to see the amazing talent of our PCA artists and craftspeople from around the country.

Driver Education

One of the most asked questions about this year's Parade: will there be a High Performance Driver Education event at nearby Mazda Raceway at Laguna Seca. The answer is yes—June 21-22. For more details, be sure to visit the Parade website. Space will be limited!

5K Run/Walk

One of the best ways to finish off your week at Parade is the 5K run/walk. The event will be held the morning of June 21st, with age classes from 10 years to 80+ years and awards for top male/female in each class, T-Shirts, and a commemorative item for each participant. Please join us!

R/C Cars

The R/C contest has become a favorite in recent years with kids young and not-so-young. If you have a "ride" get entered. If not, then come and watch. It's a blast!

Goodie Store

Everyone who's ever been to Parade knows this is a must-do on your shopping schedule. Whether it's for this year's logo designed outerwear, special jewelry, Porsche-themed books, or to add to your miniature car collection, the 2014 Porsche Parade Goodie Store will have a great array of products.

Volunteering

For "normal" people, vacation is the time to relax and be served. Porsche Parade is 99% volunteer supported! That's how all of us from all over the country get to know each other, by working a couple of four hour shifts during the week with other PCA members.

As a thank you, you will be eligible to attend the exclusive Volunteer Party Luncheon on Saturday, June 21st—there are numerous door prizes too!

Prior to Registering for Parade

Ensure you have an account for the member-only portion of www.pca.org. You will need to login to register for Parade. Check to see that all your information is up-to-date and current, especially your e-mail address. All pre-Parade materials are sent to you via e-mail, and are posted on the Parade website <http://parade2014.pca.org>.

Registration Fees

Everyone signing up for Parade must pay an entrant fee of \$169.00, which covers the entrant and co-entrant.

Fees for the four major competitive events are:

Concours	\$30.00 per car
Autocross	\$30.00 per driver
TSD Rally	\$15.00 per car
Tech/Historical Quiz	\$15.00 per person

Entrant fees for guests are as follows:

JPP/CAFP	\$20.00
Child age 13-15	\$15.00
Child under age 13	\$10.00

Parade registrations are not transferable. *Fifty percent of your registration fee and 100 percent of your banquet fees will be refunded if your e-mailed cancellation request is received on or before June 10. There is no refund*

for cancellations made after that time. You may make changes to your registration at any time before June 10.

The first U.S. Speedster # 80002

The 356 Speedster was introduced to America by Porsche's U.S. importer Max Hoffman on September 17, 1954. The occasion was a Concours held in conjunction with the 7th International Sports Car Grand Prix at Watkins Glen, where Hoffman's Signal Red Speedster would win its class.

The 41st Annual Connecticut Valley Region (CVR) of PCA Concours d'Elegance will feature a special historic display of Porsche Speedsters including numerous 356 Speedsters and examples of the 911, 964, 993 and 997 Speedsters.

We cordially invite all Speedsters in the Northeast to participate in our display. All Speedsters who pre-register will receive a commemorative gift from CVR. All Porsche owners are also invited to participate in our People's Choice Concours.

Please contact CVR's Concours team or check out the CVR website for more details on how to participate.

Porsche starts in Le Mans with four works cars

World Endurance Championship (WEC) and 24 Hours of Le Mans.

Stuttgart – 13/February 2014

Porsche starts with four cars in the World Endurance Championship (WEC) and the 24 hours of Le Mans. Today, Thursday, the Le Mans organiser, the Automobile Club de l'Ouest (ACO) in Paris, announced the list of competitors selected to participate in the 82nd edition of the classic long-distance race on June 14th and 15th, 2014.

Porsche has registered its new works team for the two 919 Hybrid cars as "Porsche Team" in the top category of Le Mans prototypes (LMP1). The start numbers for the innovative hybrid sports cars are 14 and 20. The works team for the two 911 RSR entries in the GTE Pro class is called "Porsche Team Manthey". Last year's double-winners will start

again this year with numbers 91 and 92.

Bernhard and Dumas split forces

Porsche works drivers Timo Bernhard (start number 20) and Romain Dumas (start number 14) are each assigned to one of the two Le Mans prototypes in the WEC. This series comprises eight races, including the 24 hours of Le Mans. As a result each of the two 919 Hybrid cars will be piloted by a Le

Mans overall winner: Bernhard (Germany, 33) and Dumas (France, 36) both achieved this success with Audi in 2010. There is still no final decision on which of the four other LMP1 Porsche works drivers will take turns at the wheel during the 2014 FIA World Endurance Championship – Brendon Hartley (New Zealand, 24), Neel Jani (Switzerland, 30), Marc Lieb (Germany, 33) and Mark Webber (Australia, 37).

Team Principal Andreas Seidl explained in Paris: "It was an obvious choice to split these two pilots to the two cars because of their special long-distance and Le Mans experience. The confirmation of our entry is another milestone on our road to Le Mans. We are all excited to meet our competitors for the first time at the official test at Paul Ricard at the end of March and of course at the WEC season kick-off at Silverstone in April."

The 919 Hybrid was developed to meet the new efficiency regulations for the top category of Le Mans prototypes. The 919 Hybrid has a highly complex hybrid drive system comprising a small-capacity supercharged V4 combustion engine, an

electric motor driving the front wheels and two energy recovery systems.

Porsche wants to defend its GT double win

In the GTE Pro category, Porsche is again putting forward the Porsche Team Manthey with two 911 RSR cars against the works teams of Aston Martin,

Corvette, Ferrari and SRT Viper. Many details on the GT sports car from Weissach were revamped for the last race in the 2013 season. The modified aerodynamics of the front end, a wider rear wing and adapted chassis kinematics ensure enhanced balance and improved controllability at its handling limits. "In the 2013 season, the 911 RSR gave impressive proof of its long-distance capabilities by its double victory at Le Mans," said Head of Porsche Motorsport Hartmut Kristen. "At the 24 hour race in Daytona, we again celebrated a win in a classic long-distance race with the revised version of the 911 RSR – this is certainly a good omen for Le Mans 2014." 🍀

Oh Roseanne!

Jane: And now, with tonight's commentary, here's Roseanne Rosannadanna.

Roseanne: Thanks, Jane.

A Richard Feder, from Ft. Lee, N.J., writes to say, "Hey, Roseanne, what's with this cone incident on the George Washington Bridge? I live in Ft. Lee. In fact, I can see the bridge from my apartment. And I can say it's bumper to bumper every morning, noon and night. Sometimes all morning, noon and night. You don't need to close a

lane, in order to create a traffic jam. And you certainly don't need traffic cones to do it. You just wake up in the morning, and it happens, like the sun rising in the east.

"And now, my neighbors and I are enduring all these tourists, these rubbernecks, these souvenir hunters, these TV news crews, these subversive political animals, pouring into our nice, bucolic burg, all looking for evidence that Chris Christie was here.

“What can we do?”

Hey, Richard, who told you to live in Ft. Lee? It's a free country, isn't it? You can live anywhere you want. Why there?

Why do people who live near airports complain about the air traffic? Why do people who live near bridges complain about the car and bus and truck traffic?

And here's something to ponder. Do you know what came first? Do you have any idea what your nice, high-rise apartment with the view of the bridge was, before your town was paved over, to make way for progress? Here's what it was; an amusement park!

Yeah! And not just any amusement park. It was Palisades Park. And there was even a hit song about it. Down at Palisades Park.

And you probably thought the song was sung by Lou Christie, didn't you. Who you think is a long-lost relative of your current sitting governor. Now, that would be real poetic justice, wouldn't it.

But it's not true. It was sung by Freddy “Boom Boom” Cannon. How's that for irony, Mr. Feder?

Hey, Richard, who told you to live in Ft. Lee?
It's a free country,
isn't it? You can live
anywhere you want.
Why there?

No, Mr. Feder, your real problem is the Coneheads. That's right, Mr. Feder, people who steal cones and set them up in parking lots, creating all sorts of zigs and zags, totally ignoring parking spots and arrows and entries and exits. These are the people you really should be worried about.

Because, do you know what these people do with their cones, after they've set them up in weird patterns in parking lots? They put them on their heads. And then they walk around, talking like robots, and saying they're from France.

I'm not kidding, Mr. Feder. It's scary. They can't help it. And neither can our Immigration and Naturalization Service. Because, you see, they're not from France at all. They don't speak French. And they're not from here either, because they don't speak American. They don't belong here. There's your issue, Mr. Feder. There's a real issue for you.

Now, here's the kicker for you, Mr. Feder... Do you have any idea what the Coneheads did, before your nice, bucolic high rise apartment in the sky.

was created? That's right, they set up their cones in the Palisades Park parking lot, on days when the amusement park was closed.

Which is why they're back, storming around your town and your bridge. Mr. Feder, you need to have mercy on these souls. They're lost. Lost. Because they can't find their way home. First they put up a parking lot. Then the city was gone.

Can you blame them?

But there's more. Coneheads drive fast cars. And they drive cars fast. And their cars all have sunroofs. And the sunroofs are always open. So their cones can have headroom.

Do you drive fast, Mr. Feder? I bet you drive something like a beater Corolla. Which is good for one thing, sitting in traffic on the George Washington Bridge. I want to walk up to you and knock on the window and say, hey, mister, I, Roseanne Rosannadanna, am walking beside you. And I'm keeping

up. Don't you think you can go a little faster? I want to get to where I'm going before I'm too old to know I got there.

I walk up to Corvette owners, and I say, hey, stud, where are you going?

I walk up to Porsche owners, and I say, hey, wo gehst du hin? I don't say, hey, ou allez vous. They're not from France, Mr. Feder. That should be a clue for you.

Jane: That's enough! Enough! Roseanne, you, madam, are out of time. And you're out of your mind.

Good night and have a pleasant tomorrow.

The Short Version:

By Bill Muller - Black Run Group Driver

- 1) Drive car at Lime Rock, clutch does not feel "right"
 - 2) Bring car for tech for Cups & Saucers, ask to look into clutch "feel"
 - 3) Told clutch does not "feel" right, might last event, might not
 - 4) Search internet for clutch upgrades for 986, find that 987/Cayman parts are a good upgrade
 - 5) Could get parts for Monday, leave for track Tuesday... little tight for me
 - 6) Call others and get parts overnight Saturday delivery and "try" to do myself
 - 7) After 3 failed attempts Friday, Saturday and Sunday of fixing car, no luck
 - 8) Bring car to get fixed Monday, trouble getting it fixed
 - 9) Go to event, the clutch is better first day and half of second day
 - 10) A Pro-coach gets in my car for my coaching session and says "Bill you have a problem with your clutch, sorry mate" - \$250 down the drain!
 - 11) Hack racing work-around: zip tie and racer tape brake pads to bottom of clutch pedal to try and save the day (note from Dave - this is not recommended for anyone!)
 - 12) Out on track - clutch works intermittently
 - 13) Drive off track, onto trailer for a loss of 2 1/2 hours track time and 1 hr coaching
 - 14) Back at home - investigate problem, find clutch slave "blown up"
 - 15) Replace slave, still problems
 - 16) Call flywheel manufacturer and find problem with flywheel and clutch tolerances
 - 17) Try to remove clutch
 - 18) Cut open wrist on clutch pressure plate fingers while trying to remove parts
 - 19) Go to hospital for stitches
 - 20) After hospital visit, get my 12yr. old daughter under the car to remove clutch! (she is a better mechanic than myself)
 - 21) Send all parts back to the manufacturer to fix defect in flywheel machining
 - 22) Remove stitches with wire cutters a few days early... (Boy, my wife was not happy about that... but I told her they were "getting in the way and slowing down my progress in the garage")
 - 23) Wait for wrist to heal
 - 24) Wait to get parts back from manufacturer
 - 25) Stay tuned... this is not over by a long shot
- Of course, around step 14 was the idea to go racing and get the 944 ready (Cut-off switch, brake fluid flush, window net, rod bearings, decals, numbers, race application, physical...). Welcome to Hack Racing "Where dreams struggle to come true!"
- Not sure why if you can have a reality show about hillbilly handfishin', how it is possible that we don't have our own reality series... without even having to make up any of the episodes!!!
- Imagine how many drinks are needed for the long version!

Garage Spaces. Available from Oct 1. Double garage, two bays, two doors, in secure office location in Westport, CT. Power, dry. \$200/bay per month – for individual rent or take both. Please call Adrian Little, 203-858-0503, or email ajglittle@gmail.com **10-13**

I NEED MORE GARAGE SPACE!

One of my greatest frustrations is lack of easy access storage space for my cars. I have found it difficult to rent bays at reasonable rates and to have adequate space to get my cars in and out easily. I have an idea that I hope will appeal to some of you.

Driving up and down Route 5 in South Windsor several weeks ago I was amazed at all of the commercial space that was vacant. Literally thousands of square feet sitting idle. I thought to myself wouldn't it be great if I could rent some space on a month to month basis and park some cars there. It would be convenient to my home in Hartford and a perfect solution to my problem. I spoke with a friend of mine at Cushman and Wakefield and he is looking for some space.

My thought was that if some fellow PCA members were interested we could get together and rent some space for a reasonable monthly fee. I will continue to research sites and would welcome any interest from fellow members. My cell number is 860-559-4111 or you can email me at jfairbanks@janney.com. **2-14**
